

Working in  
partnership with

# Revel in Retail

Are you a Retail employer?

Are you interested in developing young people?  
You could do this using the dynamic world of Retail.

During the apprenticeship learners will work towards a Level 2 Apprenticeship with progression opportunities to the Level 3 Advanced Apprenticeship.

As an apprentice, learners will gain first hand experience of the exciting fast paced challenging retail environment.  
An environment where every day is different from helping customers make informed buying choices to setting up displays to replenishing stock.

You will first of all receive £500 when you employ an apprentice and a further £500 when the apprentice has remained in employment and successfully completed 12 weeks of their programme.

An apprentice will bring fresh new talent to your company and increase productivity. As stated by the National Apprenticeship Service '59% [employers] report that training apprentices is more cost-effective than hiring skilled staff, with 59% believing that Apprenticeships lead to lower overall training costs and 76% say that Apprenticeships provide higher overall productivity'

Apprentices will undertake training 3 days a week and be in the workplace 2 days.

**You can be part of this innovative exciting programme.**

For more information or to apply for the Retail Apprenticeship at The Rock please contact:
